

**Vision:**

The main vision of the event is to expose the students to the latest advancements in computer technology and give individuals an opportunity for sharing and extending ideas, views and knowledge in the field of computers and emerging IT technology.

**Mission:**

To establish a technocratic environment for grooming the students pursuing B.Tech in Computer Science and Engineering so that they may prepare themselves for a better opportunity thereby promoting industry readiness. The Coding Club initiated under the supervision of the esteemed faculties of the Department may be beneficial to the Stakeholders of the Department in Academic terms. The students have been motivated among themselves for organizing this event for a learning opportunity to conduct technical programmes at Department.

**Speaker:**

Mr. Saksham Choudhary, Researcher & Co-founder at learncodeonline.in
