

## Investors' Awareness Program by Department of Commerce in Collaboration with BSE Limited

The Department of Commerce, Dibrugarh University organised an online Investors' Awareness Program in association with BSE Ltd. on 21<sup>st</sup> May, 2024. The objective of the Program was to impart knowledge related to investment among the students. Around 40 students from M.com 2<sup>nd</sup> semester and students from different department who opted for Generic elective courses, that is, Introduction to Stock Market, along with Faculty members and Research scholars, have attended the session.

The Resource person for the session was Ms. Marina Jose Kanjikal, currently working as a Resource Person of BSE-ISF for conducting Investors Awareness Program across India.

The program started with an introduction of the Resource Person by Ms. Ankita Das, Research Scholar, Department of Commerce, Dibrugarh University. The Resource person started her session by detailing about the principles of investing in the stock market followed by an explanation of how to select a company for the purpose of investing. The lecture was followed by an interactive session with the students for half an hour.

The session was highly beneficial for the students who are interested in investing. The program helped the students to improve their knowledge about security market and overcome their misconceptions related to investing in shares and security market.
