A NOTE FROM THE VICE-CHANCELLOR

It gives me immense pleasure to know that the Placement Brochure for the 2023-24 batch of students of the Centre for Tea and Agro Studies of Dibrugarh University, which is situated in the heart of Dibrugarh – well known as the Tea City of India is going to be released. Being a DST-PURSE supported institution of higher learning & research and recognized for MERU under PM-USHA, the University has significantly contributed to the economic, cultural and academic development of not only the North East India but also of the country as a whole since its inception in the year 1965 with its mission, widening the wings of holistic education and instilling a passion for research and development among generation of learners. The Centre for Tea and Agro Studies of the University has been one of the pioneers in nurturing talent in the field of tea technology and plantation management, which has consistently strived to provide comprehensive education, blending theoretical knowledge with practical exposure, to groom professionals capable of meeting the dynamic demands of the tea industry.

Our students undergo rigorous training under the mentorship of experienced faculty members and industry experts, equipping them with the necessary skills and expertise to excel in various domains of the tea sector. From understanding the intricacies of tea processing to mastering the span of plantation management, our curriculum is designed to foster holistic development and nurture industry-ready professionals.

As we prepare to launch our students into the professional arena, we invite esteemed organizations in the tea industry to consider our talented pool of graduates for placement opportunities from time to time. By recruiting from Dibrugarh University, you not only gain access to skilled professionals but also contribute to the growth and development of the tea industry by investing in the future leaders. We assure you that our graduates are equipped with the requisite knowledge, skills, and dedication to make meaningful contributions to esteemed organizations. We are confident that their passion for excellence and commitment to innovation will align seamlessly with organizational goals and objectives.

(Prof. Jiten Hazarika)

FOREWORD BY THE CHAIRPERSON

Dear Recruiters,

Warm Greetings from this Centre of the University !

Once again, I am pleased to introduce the seventeenth batch of one-year full time Post Graduate Diploma in Tea Technology and Plantation Management (PGDTTPM), 2023-2024. This batch comprises of seventeen bright and promising young men and three young ladies who are expected to complete the course by **4th week of June, 2024.**

The PGDTTPM course has been developed by the University in consultation with the Tea Industry with the intention of imparting education/training in the areas of tea technology and plantation management. In this programme they are equipped with the knowledge on both field and factory and management aspects of the Tea Industry, so that they would be suitable for future manager in the organisation. We also emphasize and encourage independent thinking of the students in the class rooms, which enables them to make sound and constructive decision.

I am indeed, pleased to put on record that after undergoing meaningful teaching and training under the able guidance of experts from the Tea Industry and the Academia majority of past students of earlier sixteen batches have been absorbed till date by all major tea groups of the region and by number of individually owned tea estates and tea brokers.

I request you to have a look at the profile of 20 (twenty) young students who are available for placement. I recommend them enthusiastically for your kind consideration. They are now ready to take challenges of the corporate world and I am sure they would make significant contribution towards the Tea industry as a whole.

Campus Placements would be a brilliant opportunity for your Organisation to recruit students who have the basic knowledge about the Tea Industry and its management and also the capability to serve and add value to your Organisation. In turn, this will provide our students an opportunity to get an insight into the competitive global world of tea industry.

Your invaluable support extended to us over the years is highly commendable and praiseworthy. I am looking forward to your participation in the campus placement process and anticipate that your visit shall begin a promising and everlasting relationship between the University and your esteemed organisation in the days ahead. However, we shall also be glad in the event of organising interview at your office according to convenience.

(Prof. P. K. Borua)

A UNIQUE COURSE

For the first time in Upper Assam, the Tea Industry and Academician has got together to start a course as per the requirement of the Industry. The Post Graduate Diploma in Tea Technology and Plantation Management course aims at grooming aspiring candidates for Tea Estate Management. The Centre for Tea and Agro Studies started in September 2007 in Dibrugarh University with the basic aim of training professionals for the Tea Industry. The course is of one year duration (Two Semesters).

The primary motive of this course was to train prospective candidates who are interested in joining the Tea Industry as Executives. The course has concentrated in giving the most practical exposure to the students to a real-life situation of an Estate rather than mere theoretical knowledge. Therefore, every effort has been made to make the students interact with practicing Managers from the Estates as well as with experts from the field of plantation, manufacture, Industrial Relations etc. Effort has been made to send the students from time to time visit to various Estates in Dibrugarh District so that they could practically see for themselves that they have learnt in the class room. The students gain hands-on experience in soil testing in the fully equipped laboratory of the Centre, where commercial soil testing for Tea Estate has also started since 2010. ***The laboratory has already been enlisted by the Tea Board of India and it has been accredited by the NABL.***

For the first time, emphasis has been made to impress upon the students that: along with the ***Basic Knowledge, Communication, Involvement at Work, Energy Management are the key to improving Productivity and Profitability of an Estate*** which also go a long way in building not only the Industrial Relation but the viability of an Estate. The students have been made to realize how important is their role in contributing to the future of an Estate and the Company.

Moreover, in view of the presently ***importance of organic tea and machineries for specialty tea production by the small growers, the Centre has introduced the organic cultivation and specialty tea production in the existing syllabus from 2012 onwards.***

PROGRAM OFFERED

Post Graduate Diploma in Tea Technology and Plantation Management (PGDTTPM)

This particular course of Dibrugarh University is widely acknowledged as an epitome of academics and industrial organisation. “The essence of all beautiful art is gratitude” – Friedrich Nietzsche

I express my sincere gratitude to all the wonderful and dedicated faculties of Centre for Tea & Agro Studies, Dibrugarh University, Assam, who guided me to build my career by sharing their knowledge and experience in Tea and Plantation Management. During my one-year session, they taught us not only tea and also about Manpower Management.

In the beginning of the session, I was little bit worried as I was from Geology background and for me the entire course was different. But I successfully completed my course and got the first offer letter from James Warren Tea Limited, after one week of my final examination. From there I have started my career and worked in 5

different organizations who worked for the Tea industry. Presently working with an Organization called Syngenta Foundation India, to help marginalized farmers to adopt improved production technologies for better productivity and higher income.

I wish all the very best to all the upcoming batches and for the growth of the Centre.

Ajoy Upadhyaya
Factory Assistant Manager

Singlijan Tea Estate
M.K. Shah Exports Ltd.
Experience: 5 years

I am immensely grateful to the Centre for Tea and Agro Studies, for providing me with the invaluable opportunity to work in the tea industry.

My journey began at Rossell Tea, where I spent four enriching years absorbing every facet of tea production, which laid the foundation for my career. Transitioning to M.K. Shah Exports Ltd. as a Factory Assistant Manager marked a significant milestone in my professional growth.

The skills, knowledge, and experiences I have gained here are truly irreplaceable. The support and guidance from Tea and Agro have been instrumental in my development, and for that, I extend my deepest appreciation.

This journey has been both rewarding and enlightening, further fueling my passion for the tea industry.

I extend my heartfelt best wishes to both the current and future students of the PGDTTPM program. May your academic journey be filled with insightful learning, growth, and success.

Sangeeta Chutia
Consultant, Field Trainer
Action for food production (AFPRO)
Experience: 5 years

I value the insights and guidance provided by The Centre for Tea and Agro Studies, Dibrugarh University. The one year that I have spend in the Centre has been the most life transforming experience for me which has foster and stimulate my career in all the right ways and all accredit goes to the faculty, they believes in giving the most practical exposure to the students, the well equipped lab and mini factory helps the students to sharpen their skills and the faculties ensure that they push you throughout by providing better internship (Garden Training) and placement etc.

This is the place which helped me to professionally upskill my two years career in tea industry as an Assistant Manager Factory under Luxmi tea pvt. Ltd., two year in Indocert as a facilorator for certification in (Rainforest Alliance and Trustea) and as well as in Action for Food Production (AFPRO) where I am working today.

Sundeep Gogoi
Assistant Manager
Madhuting Tea Estate. (Kathalguri
Div)
Dhunseri Tea & Industry Ltd.
Experience: 4 years

It gives me immense pleasure to introduce myself as one of the alumni of the Centre for Tea and Agro Studies, Dibrugarh University. Besides learning at length all about Tea plantations and management, this Centre has also given me all the opportunities to groom myself and place me where I am today. I consider myself fortunate to have been associated with Centre for Tea & Agro Studies, Dibrugarh University where I got the guidance of some of the best mentors in the tea industry, who are extremely experienced, supportive and cooperative, for which I shall remain grateful.

I very strongly recommend those who are keen on joining tea, to enroll them in this Centre and I am certain that, like me and many others who want to pursue our dream in this field, this Centre gives you a platform to prove your worth in this world of green.

Sudarshana Mech
Assistant Manager
Borhat Tea Estate
Amalgamated Plantations Pvt Ltd.
Experience: 2 years

I wish to express my thanks to all the faculties of Centre for Tea and Agro Studies, Dibrugarh University, who put their sincere efforts to shape my career in Tea. The Centre has played an important role in my personality development and career building. In addition to its strong values, CTAS offer an excellent environment for the students to pursue their studies. Today I am working in the second largest tea producing company in India and this would not have been possible without the contribution of the Centre. Moreover, it is because of this Centre that today I have a very strong background in Tea.

I would like to take this opportunity to thank CTAS for strengthening my foundations and helping me to reach where I am today. I wish all the best to all young CTAS friends and lots of success in life.

Sangita Goswami
Junior Assistant (Field)
Tippuk T.E.
ITAS Prabhat, LLP
Experience: 1.6 years

As a former student of Centre for Tea and Agro Studies, Dibrugarh University, I feel very grateful for all my achievements which was possible due to its dynamic and efficient faculty members who has provided excellent guidance and advice during my academic period. Extending my heartfelt thanks to the Centre for playing a pivotal role in my career and moulding me who I am now professionally by enhancing our knowledge, skills and abilities.

Sending best wishes to all the students of the Centre. Hope they grab the opportunities that the Centre provides and brighten their future.

CTAS
