

# A Report on Implementation of Voluntary Eco-Champ Activities for Environmental Community Engagement and Sustainable Development Goals

**Activity Title:** Make Your Own Envelopes Workshop

**Date of Activity:** [8/6/2024 and 18/6/2024]

**Description:** Participants learned how to make envelopes using old paper, promoting reuse and recycling to reduce waste. The workshop aimed to empower students to adopt sustainable practices in their daily lives.

**Activity Title: Terrace Gardening**

**Date of Activity: [18/06/2024]**

**Description:** Participants learned how to do terrace gardening and the benefits of growing their own food and thereby reducing their carbon footprint.

**Activity Title: Bicycle Repair Training**

**Date of Activity: [8/6/2024]**

**Description:** Participants attended workshops to learn bicycle repair and maintenance skills. By empowering individuals to take care of their own bikes, the activity aimed to promote sustainable transportation and reduce the need for new purchases.

**Activity Title: Awareness drive at DU Model School**

**Date of Activity: [8/6/2024]**

Description: Participants attended the awareness talk on reducing individual carbon footprint for a sustainable future.

**Conclusion:**

The Eco-Champ activities were successful in promoting environmental awareness and encouraging sustainable practices among participants. Through hands-on workshops, challenges, and advocacy efforts, individuals were empowered to make positive changes in their communities. Moving forward, we remain committed to promoting sustainability and protecting the environment.
